

Notice of Public Meeting to receive public comments on the Draft Regional Flood Plan for the Region 7 Upper Brazos Regional Flood Planning Group.

Upper Brazos Regional Flood Planning Group (UBRFPG) is seeking public input and comments regarding the draft regional flood plan.

In 2019, the Texas Legislature created a state and regional flood planning process administered by the Texas Water Development Board. One of 15 regions, the Upper Brazos Regional Flood Planning Group - comprised of volunteers - was tasked with developing a regional flood plan to identify flood-prone areas and assess ways to address flooding. The Draft Regional Flood Plan is a comprehensive document identifying existing and future flood risks as well as recommendations for Flood Management Evaluations (FME), Flood Management Strategies (FMS), and Flood Management Projects (FMP). The plan also estimates funding required to implement the solutions identified in an effort to protect life and property.

Public Comment may be made during the input meeting on **Tuesday September 27, 2022 at 12:00 pm at West Central Texas Council of Governments 3702 Loop 322, Abilene, Tx 79602.** Comments may be submitted in person at the meeting, via teleconference or in writing prior to the meeting at the following:
